DLT

THE RESULT OF A REVOLUTIONARY TECHNOLOGY THAT ELIMINATES

Superior technical characteristics of our porcelain slabs makes them suitable for use as work tops of all kinds, with a visual appeal that equals and even surpasses that of any other material.

With the help of pressure and temperature we transform 100% natural materials into porcelain surface which combines the best of ceramics design with natural stone resistance.

ADVANTAGES

LIGHTNESS

A minimum thickness of 9 mm for cladding and flooring; for counter tops, we recommend 12 mm, 15 mm and 20 mm.

WATERPROOF

Moisture absorption is less than 0.05% with zero odor absorption.

CUT RESISTANCE

Prevents from getting any kinds of cuts and scratch to your decor maintaining the newness of tiles.

LARGE FORMAT

Wide range of sizes to place the perfect fit correctly for a magnificent decor.

UV RESISTANCE

Ultraviolet resistance and surface stability over time.

HIGH RESISTANCE

High resistance to temperature, pressure, UV rays and bending.

HYGIENIC

Extremely easy to clean and resists chemicals, bacteria and fungal proliferation.

LOW TEMP. RESISTANCE

Resistance to low temperatures and frost. Suitable for outdoors.

ANTI-STAIN

Now enjoy your day without worrying about any kind of stains to your interior.

HIGH TEMP. RESISTANCE

Fireproof and non-combustible material that allows contact with utensils at high temperatures.

120 X 240 CM (48" X 96")

MOSAIC TILES

30 X 30 CM (12" X 12") SQUARE
30 X 30 CM (12" X 12") HEXAGON

Our commitment to caring for the environment has led us to reduce resin content for the creation of the panels, as we substituted part of its composition with alumina trihydrate, the main component of ASIA PACIFIC. Thus, we use raw materials of mineral origin, giving our panels mechanical and flame retardant properties. GEOMETRICA is made up of components of mineral origin, mixed with resin, offering durability and fire resistance; inorganic mineral pigments which provide a natural aesthetic appearance; and fibreglass, giving the material toughness and flexibility.

CUSTOMIZATION

Uniquely crafted designs that fits perfectly to your decor, subtly enhancing your interior.

IDEAL FORMAT

The ideal size that can be installed in all types of big and small places.

EASY INSTALLATION

The myth of large-sized tiles being difficult to install, now super easy to handle and install.

VARIOUS APPLICATION

LIVING

Stylistically versatile and timeless

KITCHEN

Can be fully sanitised, resistant to stains and dirt

BOUTIQUE

Original aesthetics with character, style and beauty that stand the test of time

BATHROOM

Waterproof, mould-proof, hygienic; environmentally-friendly

THE DIFFERENCE IS PATENTLY OBVIOUS

The various potential uses of porcelain stoneware surfaces require increasingly adequate technical solutions. This is the reason why GEOMETRICA series is developed.

## asia pacific ceramic

### STRONG

GEOMETRICA is ideal as both a floor and wall covering in residential and commercial projects. The 9 mm thickness enables it to maintain excellent breaking strength in real situations.

### LITE GOES

The 9 mm thickness results in a reduced weight per square metre, bringing significant advantages in terms of ease of working and handling.

### IS LEVELING

The combination of a body with high plasticity, thickness and dimensions makes for a highly elastic product that delivers consistently flawless results.

### EASY AS

The chemical formulation of the body combined with the raw material dry compaction process produces a porcelain slab that is easy to cut and work with.

### MEANS GREEN

As the body contains a minimum of 40% high-quality raw materials recycled from other production processes, GEOMETRICA collection products qualify for LEED international certification.

### NEW DIMENSIONS

One of the aims of the GEOMETRICA project is to supply a hi-tech ceramic material that is easy to use in very different sizes and applications. GEOMETRICA comes in a large selection of sizes, all rectified, ideal for uses ranging from residential through to large-scale works in public and commercial spaces.

### EVERYWHERE YOU LIKE

Taking account of the materials key qualities, including strength, thermal shock resistance, low thickness and ease of working, the GEOMETRICA large-size slabs extend the fields of use of porcelain. The GEOMETRICA collection has fewer joints while giving enormous creative freedom to architects and interior designers, who appreciate the versatility of this ceramic surface without limits.
